## SCHOOL HISTORY

### How We Grew

"Eaton, whose chief claim to fame outside its own county lies in its being the pioneer gas town of Indiana, had its origin as a center of population in a milling enterprise that was located on the river in what is now the south edge of town." So wrote Dr. G. W. H. Kemper in his History of Delaware County published in 1908.

Eaton was incorporated September 10, 1873, being the first town in the county outside of Muncie to try this kind of government. According to a census taken the previous May, 158 persons lived in the community. Two one room frame school buildings served Eaton and surrounding community at that time.

In 1885, a two story, two room, brick building was erected on a plot of ground across the street from the mill and where the John Morris dwelling now stands.

As the gas boom came on the town grew and additions were added to the north and east sides. Later the primary department was moved into a frame building on the northwest corner of the lot.

In 1908 the entire structure was razed and a new building built on a five acre plot at the present location. Adjoining ground has since been acquired. The new building was not ready for occupancy in September. Temporary quarters were secured for the high school in the town hall. Late in the fall, proud and happy we entered the new building. Many a salesman, panting after his upgrade walk from the interurban station, complained about having to walk to the country, but before leaving remarked about the beauty of the building and campus.

In 1925 an addition was built on the north and numerous changes made in the original building. Within recent months, the agriculture department with the co-operation of the farmers have erected a cement block building about sixty feet east and north of the brick building. The Lions Club assisted by other organizations in the community have completed and have made usable a basement for a community building which it is hoped may be completed in the near future.

From the time of the erection of the building in 1885, there has been some teaching of secondary subjects. In 1898 Bon O. Adams and W. Q. Aspy arranged for two full years of high school work. In 1899 Sam D. Morris became the head of the school and organized a three years course, with an enrollment of 31. Nine of this number graduated in April 1900. It is the fiftieth anniversary of this event we are endeavoring to commemorate in this Yearbook.

In 1905 a commission was secured and a four year course has been offered ever since. For several years we had a nine months term. In 1934 it was reduced to eight months and four years ago was increased to eight and one-half months.

In the fall of 1899 there were 290 in the grades. In the fall of 1949 there were 351 enrolled in the first six grades, 104 in the seventh and eighth, and 155 in grades 9-12. The school now accommodates Eaton, all of Union Township and the west part of Niles Township. Niles Township schools were abandoned in 1917. Eaton became a township school in 1920 and all the children have been in one building since 1925.

Our curriculum has changed from time to time to meet the needs and desires of students and recommendations of educational people. In the early days the course usually prescribed consisted of four years each in English and Latin, three years each in history and mathematics, two years in science, music and art for all. Today the students have a wide range of electives. He may have four years in English and mathematics, three years in history and social science or may elect from commercial subjects, home economics, agriculture, industrial arts, Spanish, music or art. In 1908 the faculty for the high school consisted of four members. Today we have twelve besides the principal. Four of these, however, spend part of their time in the grades.

When electives first began to be offered, they were often carried as a fifth subject. Among them were German, commercial arithmetic, physical geography, debating, and Bible.

Home Economics or domestic science, as it was then called, was offered in 1911 without credit. Organized physical training was introduced soon after moving to the present location. The program was mostly calisthenics. The girls used Indian clubs and dumb bells. The boys played basketball after school. In 1912, the girls also had a team.

For a time inter-school basketball was abandoned because the old gym was pronounced a fire hazard.

The industrial arts department did well in about 1914 and again during the principalship of B. P. Beeson. It was then that the old gym was reconditioned, a new floor laid, wider stairway built and a stage constructed on the south side of the room. This work was done by the industrial arts department in addition to making victrolas, library tables, cedar chests and so forth. Previously, plays had been given in the town hall and commencement programs and operettas in the churches.

Basketball again became a leading activity. In 1926-27 a contest was held to select a name for the team. "Norsemen" was selected. The name was considered quite appropriate since we came from the northern part of the county and, at least in our opinion, were rather dangerous.

In 1910 we had a glee club. In 1914 the first attempt at a parent-teachers organization was made. In 1916 the orchestra was organized. The colors of purple and gold were adopted in 1908. One attempt was made to change them and failed. The first junior-senior trip was made in 1926. The first senior class to go without the juniors was the class of 1939. The cafeteria was installed in 1926-27. Bookkeeping was taught as early as 1923 but shorthand and typing did not enter until after the building was remodeled in 1925.

Our students have participated in various contests. They have brought home honors from county, district, and state. They have placed favorably in international ones.

One thousand one hundred fourteen, not including the present senior class, have received diplomas from Eaton High School. Most of these have been a credit to their alma mater. Some have made honor graduates in Indiana, Purdue, and Ball State. We have lawyers, engineers, manufacturers, a hospital superintendent, nurses, a statistician, accountants, ministers, bankers, an editor, reporters, photographers, school superintendents, principals, scores of teachers, farmers, office workers, mechanics, electricians and so on among our alumni.

During both world wars we have been well represented. In the last war more than 165 boys from our alumni were in the armed forces before hostilities ceased and seven of our girls were in auxiliary organizations. Seven of these boys gave their all.

How far has our influence extended? Who can tell?

## PROPHECY

Year: 1960  
Place: Eaton, Indiana

"Good evening, Mr. and Mrs. America—let's go to press! This is Walter Winchell broadcasting from Eaton, Indiana. Tonight we are going to bring you a brief summary of the graduates in the class of 1950.

FLASH--DOLORES CLEVENGER is living on a farm west of Eaton, Ohio and she has plenty of chickens and livestock--but she forgot to get her a man, too bad, Dee!

ELEANOR GLASS graduated from Oxford in England and there she won an English yell-leading contest. They say she latched on to an English lord and has lots of servants--now she can yell to her heart's content!

JOANNE DUTRO has become a very successful opera singer. She has appeared at the Metropolitan Opera House and has her own radio program--thank heavens, we can turn her off now!

CHARLES RECTOR has just graduated from law school and been admitted to the bar. He has had three cases--they were all sentenced to death.

LOUIS STANEK is now playing with the Brooklyn Dodgers. (He is one of the best bench warmers they have.) And during his vacations you will find him up north on hunting trips--chasing "dears".

BETTY FLEENER is a successful commercial artist for Mabley and Carew in Cincinnati, where she lives--in the slums.

JAMES LEWIS is owner of the large Peachie Dairy Farm in Wisconsin, and is devoting his time to buying more cows--than his one! His wife, the former BETTY SCHICK is dividing her time between being a secretary in the Peachie office and Jimmy Lee, Cindy Lou, and the twins, Terry Eugene and Sherry Elaine--any more?

You have probably already noticed the red head in J. C. Penny's office. EVELYN SIMMONS is also employed in the kitchen of her home as Mrs. Keith Clements--a very busy career!

HAROLD CROSS has graduated from Taylor and is coaching basketball at Indianapolis, and also has his five sons at home--Janet too!!

DICK STOUT owns a farm north of Eaton. Last summer he won the National Guinea Pig Breeding Contest and now is fixed for life--the entry fee was \$1000!

## CLASS PROPHECY

continued

HOWARD REYNOLDS is going to West Point at the present time where he is a major. Virginia says he is taking benefit of his title and is bossing everyone--even her.

JOHN MCCOLLUM is "slaving" long hours at the Chevrolet in Muncie, to support Caroline and the kids, Carol, John, Jr., and the twins, Annis and Jannis--takes a lot of dough!

Little JACK CRUEA, 5'4", is now signing papers to be "champion long shot hitter" on the Globe Trotters. He can hit the basket at the opposite end of the floor--quite the superman, uh?

A handsome man about town in a canary yellow convertible with a beautiful blonde is MARVIN SHUTTLEWORTH--They both hardly fit in that Crosley.

Mrs. Don Younce (You knew her as JANET BALES.) lives on a poultry farm and I heard she gathers 3,000 eggs a day--that is if she hasn't killed all the cranky hens.

Do you remember the heartbreaker of heartbreakers MAX SMITH? Well he happens to be the most handsome, eligible bachelor in Hollywood. He went there to find a movie contract--he's still looking!

SHIRLEY STRONG is very happily married and is living in Richmond, Indiana, with Fred, who coaches basketball there, and daughter, Daphne Joe--who keeps her very busy.

NANCY SNIDER has a modern beauty shop in Indianapolis, where she is residing as Mrs. Charles W. Vance who runs a trapping trade post in the rear of the salon.

Last week GLENNIS MAE VANCE won a Ball State Scholarship and is now practicing as first flutiest--in a jazz orchestra in Brooklyn.

DON CHIPMAN has retired and lives on the Chippy Estate in New York as the husband of Cornelia Biddwithers, a Powers model--she resides in the mansion and he in the dog house.

ERNEST HOLLOWELL, your class comedian, now has his own comedy radio show, "Come Yearn With Ern", which is located in a very prominent section of the United States--Skunkholler, Kentucky.

JESSE SIMMONS has also climbed the ladder of success. He graduated from Indiana University to become a member of the All State Football squad--as its mascot.

# Last Will and Testament

We, The seniors of Eaton High School of 1950, being of sound mind and body do hereby make our last will and testament of our prized pleasures, positions, or whatever you may call them to our friends that they may use them to the best of their abilities.

I, Janet Faye Bales, will my ability to get to school on time to Janet Cruea.

I, Don Ray Chipman, claim my ability to hunt crows to Jack Wright.

I, Dolores Ruth Clevenger, bequeath all my future ideas to Jean Ellen Powell so she may prosper by them.

I, John William Clevenger, Jr., leave my basketball suit to Jim Harrington.

I, Harold Lee Cross, have no will as three years under Hayes and Gibson have taken all my will.

I, Jackie Lee Cruea, depart with my baseball suit to Junior Simmons.

I, Patricia Joanne Dutro, will my natural curly hair to Helen Thompson.

I, Betty Lou Fleener, devise my little feet to Pete Holdren.

I, Eleanor Ann Glass, grant my ability as yell leader to Marilyn Feltt.

I, Ellen Mae Glass, grant my ability to get along with people to Helen Bales.

I, Ernest Lowell Hollowell, Jr., present my manager job to Hayes.

I, James Lee Lewis, donate my ability to play the trumpet to Ronnie Crow.

I, John Richard McCollum, endow my position on the basketball team to Bob Hankins.

I, Charles Edward Rector, will my ability as yell leader to anyone who can make it to the games on time.

I, Howard James Reynolds, will my height to the much needed Edgar Gillis.

I, Betty Mae Schick, donate my power to avoid trouble to Jean Hendricks.

I, Marvin Harold Shuttleworth, will my ability to be a good student to Bill Harris.

I, Evelyn Virginia Simmons, leave my little seat to my brother, Bobby Simmons.

I, Jesse Charles Simmons, hereby will my seat in health class to who may request it.

I, Louis Earl Stanek, offer my baseball suit to Petie Holdren.

I, Richard Eugene Stout, depart with my manager position to Arnold Cross.

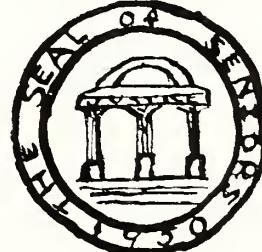

I, Shirley Mae Strong, present my broken down seat in the 8th grade section to any future Senior who thinks they can bear it.

I, Harold Max Smith, grant my place on the basketball bench to anyone who wants to set on it.

I, Nancy Ellen Snider, will my ability as Secretary to anyone who wishes to take my place.

I, Glennis Mae Vance, will my ability to make straight A's to Twyla Joyce Dutro.

We, last but not least, hereby nominate and appoint Robert M. Gibson, administrator, of this, our last will and testament.

Signed, sealed, published and declared as the last will and testament of the Senior Class in the year of our Lord One Thousand Nine Hundred and Fifty, the testators.

## HONORS

The Daughters of the American Revolution Good Citizenship Contest was taken this year by Dolores Clevenger, Joanne Dutro, and Betty Schick. The contest examination consisted of questions on our county, state, and federal government. Joanne Dutro won and attended the Good Citizenship Tea given by D.A.R. at the Hotel Roberts for county winners.

An American Essay Contest was sponsored this year by the American Legion Auxiliary. Walter Stewart won in the high school and Nina Lee Loughmiller won in the Junior High. The topic was "The Rights We Defend".

Walter Stewart and Dean Maitlen were contestants in the Oratorical contest sponsored by the American Legion. Judges were four Ball State speech students. Dean was presented with a gold winner's metal for his achievement and entered the county Oratorical contest in which he received third place.

# ACTIVITIES

## BAND

## Music

The Music Department is under the direction of Mr. Roger O. Kelly. There are three main organizations in the department which are the girls' glee club, the band, and the orchestra.

The Atis Sodalitis (Glee Club) includes girls from the seventh to the twelfth grades inclusive. They have given several very satisfactory public performances this year.

The Band has done exceedingly well and has given excellent performances at home ball games and good support to the team. The band also had the privilege of performing with the Manchester College Band at a football game this year.

Another organization worthy of mention, is the orchestra. It has also publically performed several times this year and has received much deserved commendation for its splendid achievements.

The goal of each member of the Future Homemakers of America is to learn to live better today in order that her life and the lives of her family may be better tomorrow. The emblem...a home in a youth's hands.. symbolizes this by showing that the future homes of America are in the hands of its youth.

The national organization was organized five years ago, and Eaton is a charter chapter. Any high school girl who is interested in homemaking may belong. There are 42 members in the Eaton Chapter this year. The chapter advisor is Colleen McClellan. The chapter also has 2 club mothers, Mrs. Schick and Mrs. Gourley.

#### 4-H

To Make The Best Better--is the motto of the girls 4-H Club. The girls strive to do this by continually trying to improve in their 4-H Club projects as well as in their home and social life.

Colleen McClellan, the adult leader, is also aided by the help of five community members. The local Farm Bureau, 42nd Home Economics Club, Eaton Home Economics Club, Rural Friendship Home Economics Club and the Better Homes and Garden Club have encouraged the girls by giving awards to deserving members.

This year the Eaton Girls' 4-H met all of the requirements of a standard 4-H Club and had 72 members to complete their work.

Agriculture Building

9 & 10 Agriculture Class

Boys' 4-H

## 4-H

The boys 4-H club is designed to train rural youth for leadership. The motto is "make the best better." There are many projects available for any boy or girl between 10 and 21 years of age. The projects are as follows: Dairy, Beef, Pig, Lamb, Poultry, Rabbit, Corn, Soybean, Alfalfa, Garden, Potato, Entomology, Agriculture Engineering, Tractor Maintenance, and Home Electrification.

## Agriculture

The vocational agriculture department moved into its new building this year. The building consists of a class room, laboratory, tool storage and a farm shop. Eight acres of land laying directly east of the building are being used by the department to make the course truly vocational in nature.

F. F. A. Officers

Future Farmers of America

The Future Farmers of America is the national organization of boys studying vocational agriculture in public secondary schools. The chapter owns several pieces of farm machinery including a tractor and crop spraying equipment. The chapter has a gilt project which enables the members to get a start in pure-bred Hampshire hogs.

Industrial Arts Shop

## Industrial Arts

Industrial Arts under the capable supervision of Mr. William Martin was added to the curriculum of Eaton School this year. At the first of school Mr. Huffman, head of the Agricultural Department, and his boys gave some fine help in getting the Industrial Arts Department under way. The tools and equipment of the Agricultural Department were loaned to the new department. During this time Mr. Martin and his boys made a drawing table, woodworking benches, tool cabinets and a stock rack.

This year and the next few years are the "building years" of this department during which it is hoped to increase the variety of courses by adding at least one each year. The courses now taught are home planning and interior decorating and woodworking.

At the present there are two complete work areas in the shop, the drawing area and the woodworking area. It is intended to have a complete machine shop within the next five years.

Mr. Martin wishes to express his sincere gratitude to the trustee, the community, and numerous other local organizations who have helped materially in getting this department under way.

# ATHLETICS

Harold Cross, senior, played varsity basketball 3 years and was captain his last year. Harold was very outstanding in his passing off the fast break.

John McCollum, senior, played varsity basketball for 3 years. His position is forward and he was the third key man in the fast break.

Larry Stotler, sophomore, has been on the varsity for 2 years. His good ball handling and rebounding made him a valuable asset to the team.

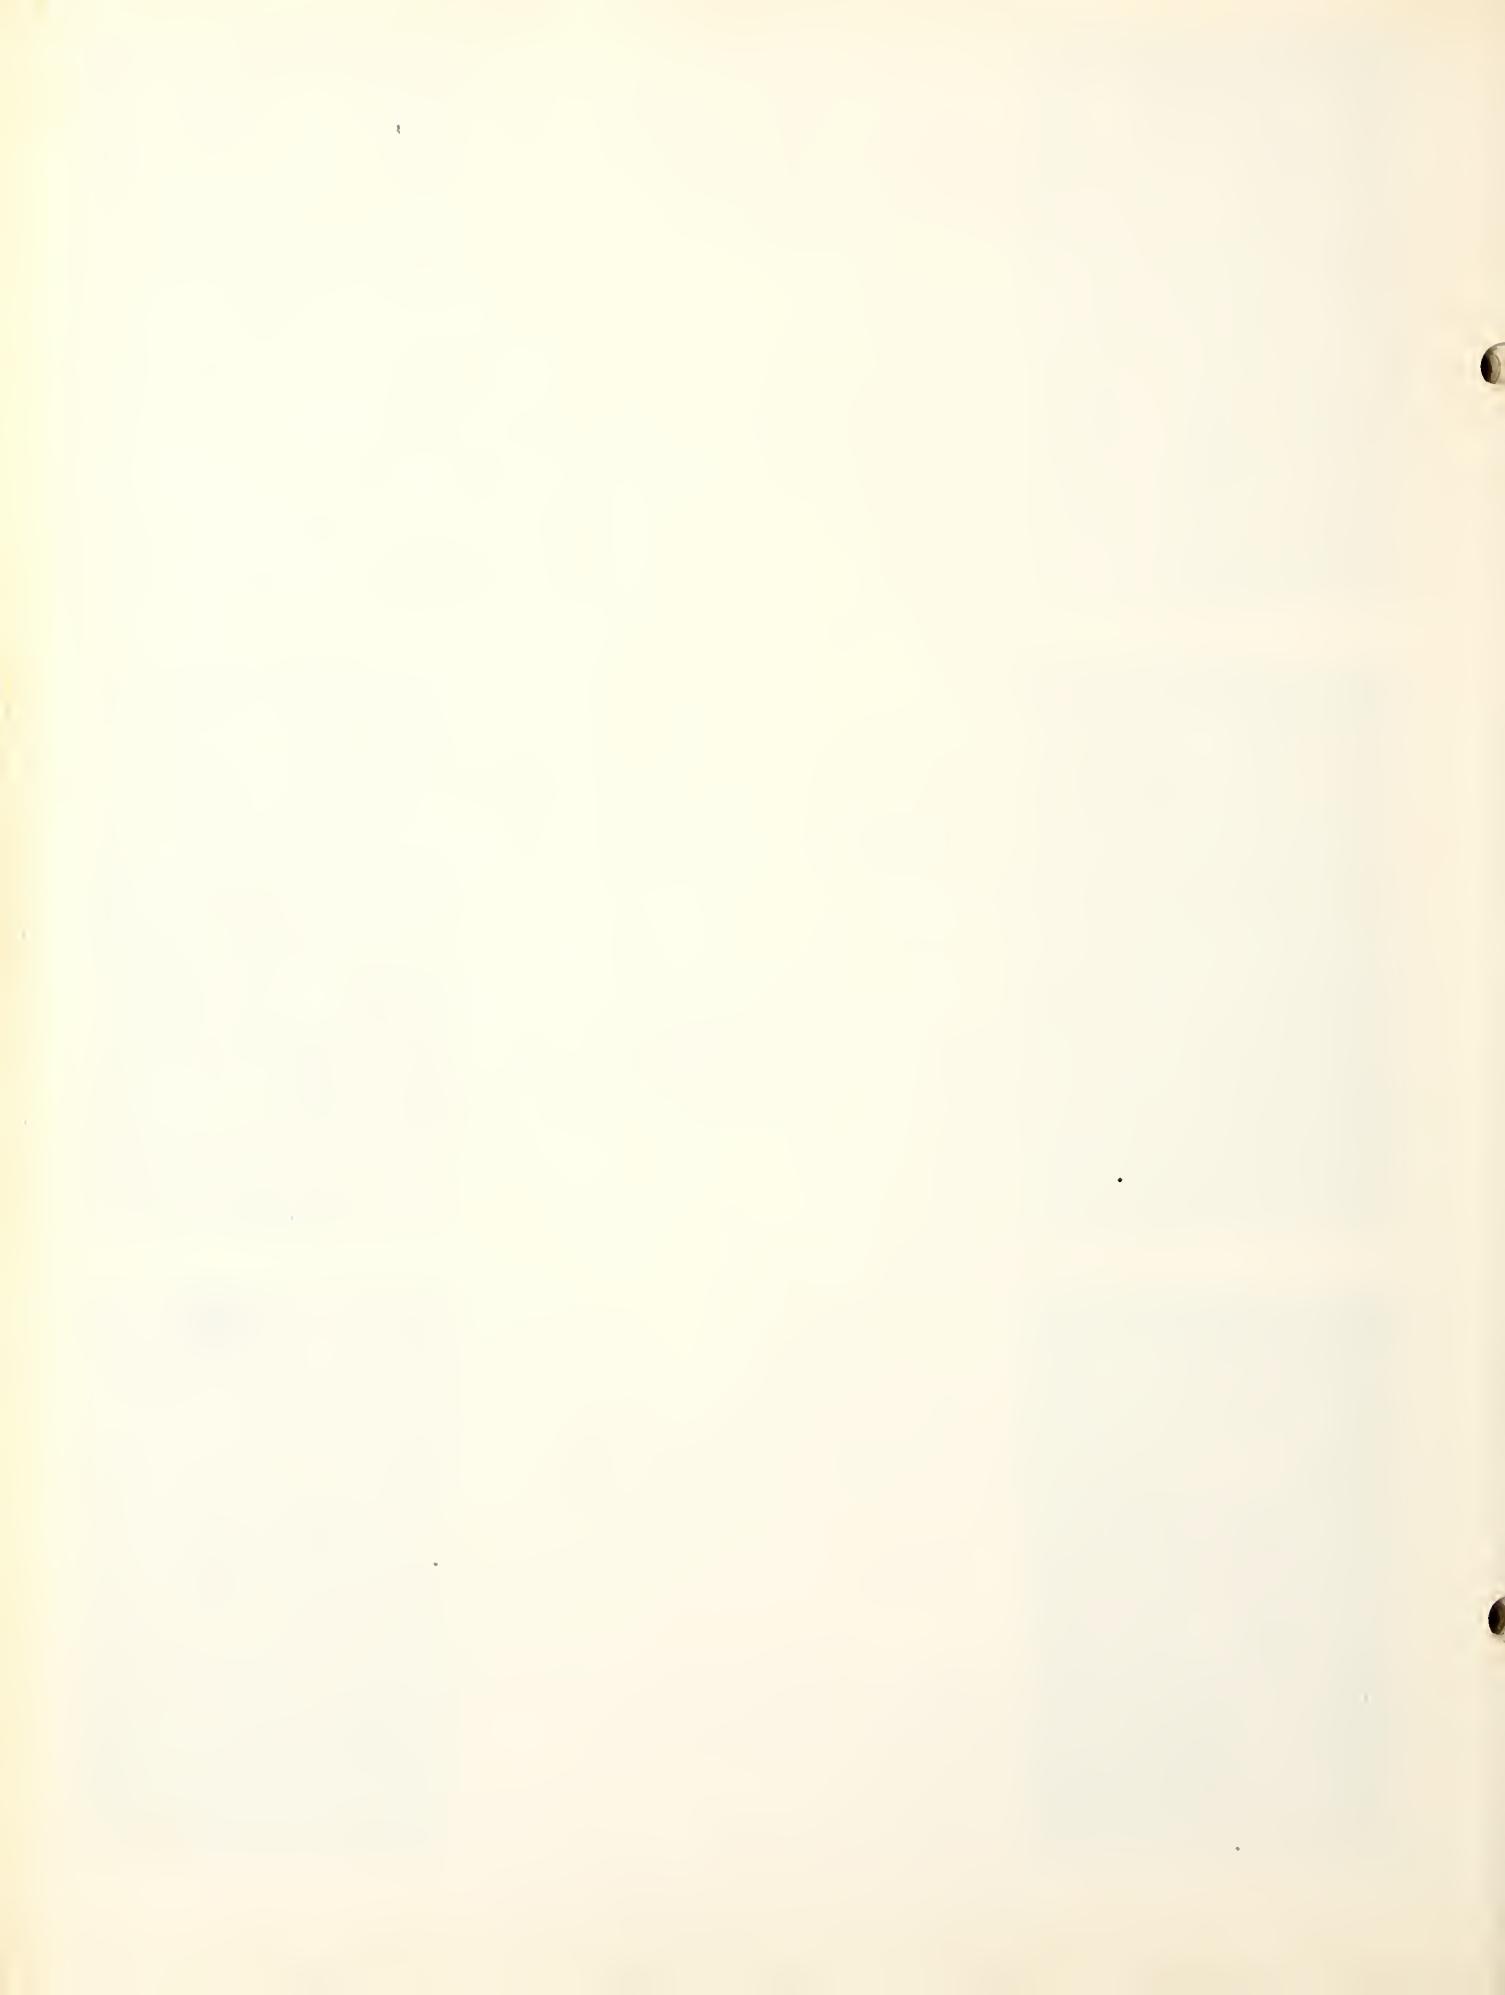

John Clevenger, senior, has played varsity basketball 3 years. John was a very good defensive man at his guard position.

Jack Cruea, senior, has played varsity ball for 2 years. He played guard and used his speed to an advantage on the fast break.

Louis Stanek, senior, has played on the varsity for 1 year. He was a good rebound artist.

Jesse Simmons, senior, played varsity ball his last high school year and was an excellent defensive man.

Max Smith, senior, played on the varsity for 2 years. Max is to be remembered for his keen basket eye and setshot.

Ed Martin, junior, has played on the varsity for 1 year. Ed has another year and may "go" in his senior year.

Marvin Shuttleworth, has been on the varsity for 2 years. He was very aggressive and could be used in any position.

\*\* Sectional Tournament

Second Team

The Second team closed their season on February 17, winning 70% of its games, 14 out of 20.

The team was composed of seven juniors, three sophomores and two freshmen. This group of lads fought hard in every game and took the Reserve County Championship by this means.

The Second team believed in the old saying that, "It matters not whether you win or lose, but how you fought the fight." With this in mind how could they have helped but come out on top.

#### TRACK

Track is the most challenging of all the sports to the individual. The boys who were outstanding in this sport last year were: Jesse Simmons in the pole vault, Louis Stanek in the hurdles and pole vault, and John Gump in the 220 yard dash.

In order that more boys might accept the challenge of track, the school has purchased some land on which they are planning to build a track, thus making track one of the major sports of the school.
